*Learning together for a better future*

Dear Parent/Carer,

Message from Miss Furnish

*I can't believe we are already at the end of week two. This week the children have been settling into their new learning and should you wish to find out more about what they are learning please take a look on the school website, where you can find information around this half term's focus for your child's year group.*

*At the start of every year we review our behaviour policy and this year we decided to raise the profile of our 'Golden Rules'. We have introduced golden house points which the children can earn when they demonstrate one or more of the rules. Already this week I have seen a number of children being rewarded for being 'golden' and following the 'Golden Rules'. We have also reinstated sending home a red card to let parents and carers know when their child has broken one of the rules and made a poor behaviour choice. I am pleased to say that these are given out very rarely but we do ask that if you receive one you work with us and take time at home to talk with your child regarding the 'Golden Rules' and what choice to make next time.*

*On Friday we will be holding our start of year parent/teacher meetings and we always find these an invaluable start to the year. Due to high COVID cases in Cornwall we will be holding these over the telephone rather than in person. If you have not had a chance to book up it's not too late.*

*I sign off this week by thanking you, the children and staff for another positive week of learning. Take care and stay safe.*

## Team EYES

The children in Reception have been talking all about their families and about what makes them unique. We have used

the mirrors to make sure we select the right skin tone, eye

and hair colour to perfectly show ourselves in our fantastic artwork. We hope you like our marvellous artwork!

In YR this week, we have started Read, Write Inc. We learn a new sound each day and we know these sounds already m, a, s, d and t. We can hear the sounds at the beginning of words and we also know how to form the letter shapes correctly when we write. Freddie the frog always helps us too! We are looking forward to learning lots more new sounds next week.

In Year 2 this week, we have been

learning about Pangea and how the world used to be a super continent. We now have seven continents and five oceans. Ask us to hear our songs that we have learned about our continents and oceans!

## KS1 Book of the Week

**Title:** Rabbit and Bear

**Author:** Julian Gough and Jim Field

**Book Level:** 3.1

Bear wakes up early from hibernation and because she can't sleep, she is eager to build a snowman. Rabbit has never built a snowman, but of course he wants to make one that's even better than Bear's.

## KS2 Book of the Week

**Title:** Charlie Changes into a Chicken

**Author:** Sam Copeland

**Book Level:** 4.8

Charlie can change into animals. Trouble is, he can't decide when - it only happens when he gets worried. And right now, Charlie has quite a lot to worry about. Can he learn enough about his new powers before the school play?

## ***Congratulations to the following pupils who achieved 'Star of the week'***

### Roskear Readers – Weekly Word Count

It has been another great week for reading here at Roskear School. Every week in school, we celebrate the word count, both whole class and individual children. At the end of every half term, each child with the highest word count across the school and the child with the highest number of tests passed are awarded a prize. So, all you readers out there get reading and passing those quizzes.

#### This Week's Class Word Count

1st place - St Piran 390,496, 2nd place - Helston 313,687 & 3rd place - St Petroc 232,150

Team 5 & 6

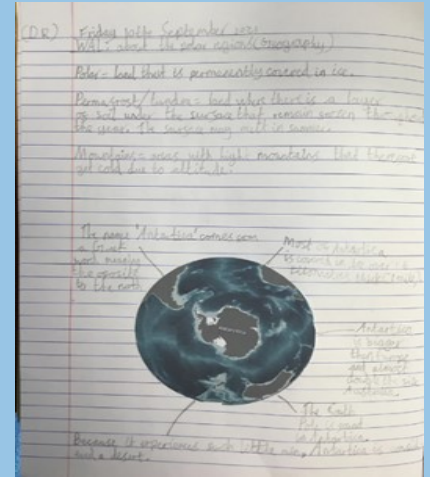

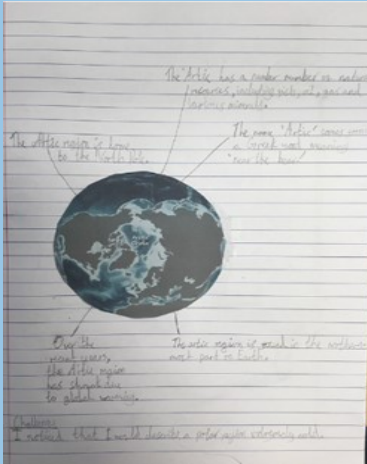

This week St Blazey Class (and the rest of Year 5) researched the Polar Regions; in particular the differences between the Arctic and Antarctic.

Not only did we learn the geographical location of the Polar Regions but also how they are affected by global warming. It was interesting to find out that the Arctic is an ocean, covered by a thin layer of perennial sea

ice and surrounded by land.

Antarctica, on the other hand, is a continent, covered by a very thick ice cap and surrounded by the Southern Ocean.

Here are some examples of the facts we found:

STONE SOUP

This week in Year 3 we have been learning our new story stone soup. We were all given bowls of stone soup, but we didn't eat it... yuk!
